21.3.1. in the form of any communication or announcement whose content is vulgar, threatening, racist, abusive, sexist, offensive, unethical, erotic or pornographic, defamatory or otherwise inappropriate or in violation of generally binding legal regulations;

21.3.2. through websites, magazines, newspapers and other means to disseminate public communications with vulgar, threatening, racist, abusive, sexist, offensive, unethical, erotic or pornographic, defamatory or otherwise inappropriate content or content in violation of generally binding legal regulations, in particular those that promote or encourage the violation of rights and freedoms (personal, religious, cultural, etc.);

21.3.3. in any form that can be classified as SPAM or unsolicited communication;

21.3.4. in any form that is contrary to good manners or principles of good behaviour.

21.4. If the Company discovers that the Partner violates the prohibition under paragraph [21.3](#), it is entitled to withdraw from the Cooperation Agreement with immediate effect and exclude the Partner from the Commission System. In such case, the Partner shall lose the right to payment of the Commission that has not yet been paid and shall be liable for any damage caused to the Company by its actions.

21.5. The Partner shall be liable for any damage caused to the Company or third parties in the course of its own activities within the Promotion.

21.6. The Partner is obliged to comply with the Company's instructions when participating in the Commission System and implementing the Promotion.

21.7. If the Partner's account is terminated due to the termination of the Cooperation Agreement, the Partner is obliged to immediately, but no later than within 5 days of the termination of the Cooperation Agreement, stop

all its own activities within the Commission System and no longer carry out the Promotion.

22. Banners and Unique Link

22.1. The Partner is entitled to use pre-made banners for the purpose of Promotion, which the Company will provide to the Partner after registration in the Commission System.

22.2. If the Partner uses pre-prepared banners in the Promotion, the Partner is obliged to use them unchanged and according to the Company's instructions for the type of pre-prepared banner. The Company's copyrights in the pre-made banners remain unaffected.

22.3. The Partner is also entitled to use for the purpose of Promotion on its own or other websites, in advertisements and on social networks the unique sharing link that the Company provides to the Partner after registration in the Commission System.

23. Commission

23.1. The amount of the commission shall be 10% of each Transaction made within 2 years from the moment of the first registration within the meaning of paragraph [3.1.](#) et seq. of the GTC, regardless of the fact when the Licensing Agreement with the Provider attributable to the Partner within the meaning of paragraph [23.2.](#) et seq. of the GTC is concluded.

(For the avoidance of doubt, the following example is given: Mr Novák is the managing director of Pneuservis Novák s.r.o. On 1 January 2020, Mr. Novák accessed the Website by actively clicking on the banner of his friend who is a Partner and immediately after registration and creation of a User Account, he registered the company (company) Pneuservis Novák s.r.o. as a Provider, which resulted in the conclusion of the License Agreement for 1 booking calendar (FREE version). In 2020, Pneuservis Novák s.r.o. prospered economically, expanded its services and Mr. Novák needed more booking calendars. Therefore, in February 2021, he switched from the FREE

version to the STANDARD version and subscribed for a 12-month period. Since the Transaction (payment of the subscription fee) was made within 2 years from the first registration (i.e. between 1 January 2020 and 1 January 2022), the Partner (Mr. Novák's friend) is entitled to a Commission for this Transaction. If Mr. Novák subscribes to the STANDARD version in 2022, the payment of such subscription will no longer give rise to the right to the Commission.)

23.2. The right to the Commission arises in the event of a Transaction being made by a Provider who has accessed the Website by actively clicking on a banner or through a unique link (within the meaning of Article [22.](#)) and has subsequently registered and been automatically created a User Account, i.e. in a manner that allows the Company to associate such Provider with a Partner.

23.3. The Partner acknowledges and agrees that if the Provider is not attributable to the Partner at the time of registration (e.g., the Provider accesses the Website after actively clicking on a pre-prepared banner or through a unique link but does not register or does so at any later time when it visits the Website other than through an active click on a pre-prepared banner or unique link), the Partner shall not be entitled to a Commission for payment for the License made by such Provider. In this regard, the Partner acknowledges the following terms and conditions:

23.3.1. The Company monitors all potential Providers accessing the Website by means of cookies in their browser using individual codes that are part of pre-installed banners or unique links.

23.3.2. If a potential Provider accesses the Website via multiple unique links from multiple Partners, the last of the unique links, or the Partner whose unique link was entered last, will always take precedence and any Transaction will be assigned to that Partner.

23.3.3. If the potential Provider makes changes to the cookies, in particular by cleaning them, the information will be lost and in this case it is not possible to associate the Transaction of such Provider with the Partner and the Partner is not entitled to the Commission. Information about the origin of the Provider is normally stored in cookies with a validity of 30 days.

23.3.4. The tracking technology used by the Company within the Commission System is the only relevant source for tracking Providers, allocating Transactions to Partners and attributing Commission to the Partner.

23.4. The Partner is not entitled to a Commission on Transactions made by a Provider who was previously a Customer. At the same time, the Partner is not entitled to the Commission on Transactions made by the Partner himself/herself, his/her family members or other close persons, persons related to the Partner by property, business or similar relations.

24. Commission Payment Terms

24.1. The prices of the Licences set out on the Website are exclusive of VAT.

24.2. All Commissions will be calculated on the basis of the price of the Licences excluding VAT.

24.3. The Commission will be paid to the Partner at any time upon the Partner's request for payment of the Commission and upon presentation of an invoice (or tax receipt) by which the Partner shall account to the Company for the Commission to which the Partner is entitled. The invoice (tax receipt) will be due and payable at least 30 days from the date of delivery to the Company.

25. Company's Rights and Obligations

25.1. The Company shall ensure smooth operation of the Commission System, including the Commission Account, except in situations where an extraordinary, unforeseeable or insurmountable obstacle arises independent of the Company's will (e.g. force majeure, accidents, outages of public telecommunications networks, etc.) or in the event of the need to perform actions necessary to ensure smooth operation (e.g. hardware maintenance, software updates, etc.).

25.2. The Company shall monitor and evaluate all payments for Licenses, allocate payments meeting the definition of a Transaction to the Partner, calculate and record Commissions and inform the Partner of the amount of the Commission, all through the Commission Account.

25.3. The Company shall be entitled to unilaterally suspend the Partner's registration in the Commission System at any time, even without giving any reason, and to require the Partner to terminate the Promotion and to remove all advertisements and advertising space used in the Promotion; any right (or future rights) of the Partner to payment of the Commission in this case shall remain unaffected.

25.4. The Company shall have the right not to pay the Commission in case the Partner provides incorrect contact, payment or identification information when registering in the Commission system. It is the Partner's responsibility to prove the accuracy of such data. The Company shall at any time before payment of the Commission request the Partner to prove the correctness of his contact, payment or identification data and the Partner shall comply with such request without delay.

26. Commission System's Other Terms and Conditions

26.1. The Partner shall not be entitled to reimbursement of any costs associated with its activities under the Commission System.

26.2. The Partner is not authorised to act on the Company's behalf or expense. Nor is the Partner authorised to act in such a way as to cause confusion between the Partner and the Company or to give the impression that he or she is an authorised advertising representative of the Company.

26.3. The Partner is obliged to regularly check the status of his/her Commission Account. The Partner may object to the status of his/her Commission Account if he/she finds a discrepancy with the information contained therein within 30 days of the occurrence of a material event not recorded in the Commission Account. The Company shall investigate such objection

within 30 days at the latest and notify the Partner by e-mail of the result of the investigation and make any corrections to the Provision Account records.

26.4. If a situation arises where the Partner abuses the rules of the Commission System to obtain an unjustified benefit, the Company is entitled to reduce the Partner's Commissions accordingly, withdraw from the Cooperation Agreement with immediate effect and exclude the Partner from the Commission System.

or interoperable with any third party software, applications or services, or that defects in the Application and services will be corrected.

27.7. No oral or written information or warranty provided by the Company or its authorised representative forms any warranty as to the functionality, features or quality of the Application and the services associated therewith.

Such content may be protected by copyright or other intellectual property laws and treaties and may be subject to the terms of use of third parties who provide it. 27.12. The Company may, at its sole discretion, make updates to the Application available in the future. Updates to the Application, if provided, will not necessarily include all of the features of the existing Application (previous versions of the Application) or new features that the Company releases for newer operating systems, other versions of operating systems, or other operating systems.

28. Other Provisions

28.1. To minimize possible misuse of login data, the company uses only encrypted connections using an SSL certificate. The Company secures data against loss by backing up data on physically separate storage devices.

28.2. For the avoidance of doubt, it is agreed that if the User is also the Provider, both the rights and obligations of the User and the rights and obligations of the Provider apply to the User, and the obligations of the Provider under the GTC apply to the User to the maximum extent possible and vice versa.

28.3. The Company reserves the right to monitor the number of records and data that the User, Provider and Customer work with within the Application in order to provide the statistical data offered.

29.1. All rights and obligations of the Company, the User, the Provider and the Customer under the License Agreement or related to the Application shall be governed by these GTC, otherwise generally binding laws of the Czech Republic.

29.2. In the event that any provision of these GTC is or becomes or is found to be invalid, ineffective or unenforceable, the validity, effectiveness

or enforceability of the remaining provisions shall not (to the maximum extent permitted by generally applicable law) be affected.

29.3. The Company reserves the right to amend these GTC. The current version of the Terms and Conditions is permanently available on the Website.
